NOSH VADOLI

Prof. Nosh Vadoli is our very special guest speaker at the First Sunday meeting at the Ebell Club on June 4th. He and his wife, Behroz, were born into families of Shirdi Sai Baba devotees. Nosh was blessed to be called by Bhagawan Sri Sathya Baba and has been in His fold for 52 years. An Engineer by profession, he was actively involved in the realms of Manufacturing and advanced Information Technology until 2002, when Swami asked him to “*come and teach MY children.*”

That single command was the start of an extraordinary 12-year period of full time teaching at the Master’s level in three departments of the Sri Sathya Sai Institute of Higher Learning. Nine of them were the last years of Swami’s physical life on Earth and led to what Nosh calls “the most spiritually enriching years of my life!” While the number of his divine experiences and lessons learned at the Lotus feet may be too numerous to recount in a single session, Nosh promises to cover the most significant instances of His amazing grace, intertwined with the teachings that have had a major impact on him. Swami’s physical form may no longer be with us, but Nosh’s experiences clearly demonstrate that Swami is always with us. Come and enjoy his incredible recollections of love and grace with Shirdi Sai and our beloved Parthi Sai.

Be sure to mark your calendars and join us in June!
