Brother 'Dato' Jegathesan

*"Close Encounters of a Divine Kind
Does Sai Respond to Prayers"*

A Development economist and a senior civil servant who was an atheist saw a picture of Baba in his auntie's prayer room and challenged HIM to prove HIS divinity.

Divinity responds and materializes Vibuthi on the picture right in front of his eyes!

He organized the First World Youth Conference in 1997 and 1999. Brother Jega has traveled around the world speaking about Baba.

He was nominated for the Nobel prize in 2008. In the category he was nominated... Al Gore won for his role in climate change.

In 1995, the royalty of a state in Malaysia awarded Brother Jega a title for helping to revive an ailing economy zone. The title was called Dato' like "Sir" in the UK.

He has written many Bhajans like "WHY FEAR WHEN I AM HERE" and the whole world was motivated to sing this song during Baba's Birthday in 2019.
