Ted Henry retired from his career as a television journalist in 2009 from the ABC network affiliate in Cleveland, Ohio. One of the highlights of his career included "Heart and Soul", a weekly report on spirituality which featured stories intended to reach those interested in learning about the purpose of their being. Ted and his wife, Jody Cleary, have traveled extensively for the past 19 years conducting video interviews for their ongoing "Souljourns" show, which features stories containing important eastern spiritual concepts. Those interviewed include Muslims, Christians, Jews, Hindus, Buddhists as well as those who are not followers of any religion. More than 400 of these interviews are available through their Souljourns website, [www.souljourns.net](http://www.souljourns.net), and also on YouTube and Vimeo.
