**Pallavi Vedantam**

*"Divine Friendship"*

Ms. Pallavi Vedantam is an alumna of Sri Sathya Sai Institute of Higher Learning, Anantapur campus; where she completed her M.S in Food and Nutritional Sciences (2003) and Bachelor's in Education (2005). Pallavi has been in Bhagavan's fold for 31 years from 1989, as a SSE student, young adult and sevadal. In India she has been associated with the Anna Nagar West Sai Samithi in Chennai. In the USA she has been associated with the Sai family of Region 3 (Southeast) for six years and residing in Region 1 (Northeast) for the past four years. Pallavi has actively participated in medical camps, medical seva, blood donation drives and served as a Seva dal for five years.

Ms. Pallavi further pursued her Doctorate in Microbiology at Clemson University in USA. After which she went on to pursue her Postdoctoral research at Harvard School of Public Health as a Microbiologist, consequently she pursued further Postdoctoral research at University of Connecticut Health Center as an Immunologist. Currently she works as Senior Research Assistant at Memorial Sloan Kettering Cancer Center and conducts research in Immuno-oncology
