Rachna has participated in various Sai activities including medical camps, Operations Manager for the Sai Clinic in Culver City, SSE teacher, and YA female coordinator for the region. Rachna currently works in the healthcare administration as part of the Business Development Team at Providence St. Joseph Health.

Arvind has been blessed to be in Swami's fold since childhood. Having attended Bal Vikas and participating in programs presented to Swami, Arvind has many fond memories of a Sai-immersed childhood. After completing his Master's degree at the University of Cincinnati, Arvind moved to Southern California in 2006. He has been actively involved in regional Sai activities since, serving as seva coordinator for his center, clinic coordinator at the Sai Clinic in Venice and, most recently, serving as a Regional YA rep. Arvind currently works as a software engineer.

Rachna and Arvind were married in Puttaparthi in 2016 and are now parents to two year old Sai Prem.
